SUMMARY

Digital Business graduate (**GPA 3.77/4.00**) with experience in Graphic Design, Brand Identity, UI/UX Design, and Digital Marketing. Skilled in developing visual solutions aligned with business needs, from research and Product Requirement Document (PRD) writing to wireframes, high-fidelity prototypes, and a range of branding and social media assets using Figma and the Adobe Creative Suite.

EDUCATION

Telkom University Surabaya **2022 - 2026**
Bachelor of Digital Business, Telkom University Surabaya (**GPA: 3.77/4.00**)
Relevant Courses: Product Management, Strategic Management, Digital Marketing

WORK EXPERIENCE

- Graphic Designer** | Simetrie (Intern) Sep 2025 - Mar 2026
- Produced 90+ visual assets per month for 2 brands, including feed posts, stories, and Reels covers, while maintaining brand identity consistency.
 - Designed and implemented brand templates that increased content production efficiency while preserving visual consistency.
- Graphic Designer** | WriteYuk! (Contract) Jul 2025 - Jan 2026
- Designed promotional assets and social media campaign materials, and developed reusable templates to maintain brand visual consistency.
- Social Media Manager** | HRDGenZ (Contract) Mar 2025 - Sep 2025
- Increased Instagram engagement by 40% within 2 months by standardizing carousel hooks and scheduling content during peak audience hours.
 - Managed content production and scheduling across 6 social media platforms (Instagram, LinkedIn, TikTok, X, Threads, and Facebook), including content calendars and caption writing.
 - Evaluated content performance using engagement metrics and social media trends to inform subsequent content strategy.
- Graphic Designer** | Ideal Indonesia (Contract) May 2025 - Aug 2025
- Developed a range of social media assets, including carousels, stories, Reels covers, and short videos, prioritizing brand identity consistency and content trends relevant to a Gen Z audience.
- Business Service** | Telkom Witel Purwokerto (Intern) Mar 2025 - Jul 2025
- Developed a Google Apps Script to automate service cost estimation, cutting processing time by up to 60% and reducing manual-input errors.
 - Supported a regional profile digitalization project through documentation preparation and coordination with government agencies.
- Video Editor** | Jeville Samael (Freelance) Jan 2024 - Aug 2025
- Produced 10+ short-form highlight videos monthly from VTuber livestream recordings for YouTube Shorts, optimizing the opening hook to increase viewer retention.
- Broadcast** | PKKMB Dewangkara Maetala 2025 (Volunteer) Jul 2025 - Sep 2025
- Operated camera, audio, and vMix equipment for livestream production and recording, maintaining consistent visual and audio quality.
- Student Staff** | Koperasi Telkom University Surabaya (Part Time) Sep 2022 - Feb 2024
- Managed inventory records and weekly stock opname using MokaPOS, maintaining inventory data accuracy of up to 95%.

PRACTICUM ASSISTANT

- Practicum Assistant** | Digital Business Telkom University Surabaya Mar 2026 - Jun 2026
- Mentored 4 lab classes (~130 students) as a project consultant, providing guidance and evaluation at each stage of project development.
 - Facilitated learning in Design Sprint, UI/UX Design, and Digital Marketing through hands-on practice, discussions, and feedback sessions using Figma and various digital tools.
 - Reviewed student work and provided improvement recommendations to ensure alignment with learning objectives and project requirements.

PROJECTS

23Bouquet Website | UI/UX Designer

Tools: Figma, Google Workspace | Methodology: Design Sprint, Agile

- Developed an SME website through 8 Agile sprints, from user research to high-fidelity prototype, focusing on user needs and business goals.
- Contributed to the Product Requirement Document (PRD), product goals, and business needs analysis and digital transformation opportunities as a foundation for product development.

Business Development Consulting | Brand & Visual Designer

Tools: Figma, Canva

- Designed 12 social media feed posts, a consulting pitch deck, and a progress report book as deliverables for an SME client.
- Supported the production of promotional videos and various visual assets to support communication and presentation of consulting results.

UMKM Digitalization | Brand & Visual Designer

Tools: Figma, Canva

- Developed SME brand identity, including logo, packaging, stickers, and various supporting visual assets for digitalization.
- Compiled a Prompt Guidebook and project report book as an implementation guide so the SME could continue the digitalization process independently after project completion.

ORGANIZATIONAL & LEADERSHIP EXPERIENCE

Publication Division Coordinator | Digivolution 4,0 (*Digital Business Orientation*) 2024

- Led a team of 4-7 people in planning and producing event publication assets, coordinating task allocation and maintaining visual identity consistency across the event series.

Documentation Division Coordinator | DiesNatalis (*Digital Business Anniversary*) 2024

- Led a documentation team of 4-7 people, coordinating task allocation, coverage workflow, and photo/video documentation during the Digital Business Program's Dies Natalis.

Creative Officer | ProConnect 2026 (*StudentsxCEOs East Java*) 2026

- Developed ProConnect 2026's visual identity through merchandise design, sponsorship deck, and Instagram Stories/carousel content to support event branding and communication.

Creative Media (Best Staff Awardee) | Digital Business Student Association (*HMBD*) 2023 - 2024

- Increased event Instagram account followers by 20% within 3 months through interactive content strategy and management of two social media accounts.
- Managed broadcasting, livestreaming, and documentation for various HMBD activities to support smooth event communication and publication.
